I want to personally thank all of our Sponsors, Volunteers, Committee Members, and especially the race participants for their respective involvement with any and all of the races during 2022. We had 980 total finishers for the year, not counting the near-100 Fun Run participants. We had over 60 who completed at least 3 out of 4 of the races and 40 who completed all four! Please double check the spelling of your name and let me know if any corrections need to be made. If you do not see your name on this list but you did, in fact, complete the Series (not just registered,) please let me know ASAP. Thank you!

Carl A. Kondrach, Director
